Wednesday

Elder Les Benedum preached "Footprints or Scars" using Matthew 13:3 as his text. The sower went forth to sow. All of us are "sowing" something into the lives of those around us, even those we meet only briefly. What are we sowing? The poem "Footprints in the Sand" lets us know that sometimes the Lord carries us. When families come together, some have a hard time, while for others it is very touchy. Some even get along. Yet *we* have a choice. We can either leave footprints on someone's heart, or we can leave or scars. God help us to choose to leave a footprint; a soft impression, a lasting impression of love during this season and always. Let's not leave scars that hurt for a long time. Merry Christmas!
