Sunday AM

Elder Lorren Godwin preached "Living Water" from John 7:37-38. We should come to every church service with high expectations that God is going to do something. You get out of a service what you put into a service. If you go one day without praying and reaching out to God, you've gone too long. We must keep a daily prayer life and keep in tune with God or we will grow stagnant, so to speak. Our attitude will become nasty. We need to have faithful church attendance, a faithful prayer life, and stay tuned in with God. Then we can be refreshed from God. We can retouch the throne of God and get a refreshing. We must not let "stuff" build up inside us, but release it and turn to the only One Who understands. When bad things happen to us, we must not get upset and frustrated but trust God. Even though we may find ourselves in a bad situation, God is there and He has a plan for us. If we'll just trust God and put Him first in our lives He'll bring us through the dry times and give us a refreshing of living water.

Sunday PM

Pastor Joseph preached "O Taste And See" from Psalm 34:8. God is good all the time. He came to give us salvation, healing, and deliverance. He's the great *I Am*. Those who are not redeemed and unregenerate in their spirit often fall prey to a deception/misperception about God—that He hates people to have fun and that if they ever chose to live for God, their life would be miserable because of serving a being who is not good, and who supposedly does not have their best interests at heart. Being baptized in the Holy Ghost regenerates us, and turns our thinking right side up. The church is a divinely ordained institution, and this it is the best thing that could happen to us. Jesus met a woman at the well whose thinking was typically upside down. He offered to give her living water that would spring up unto everlasting life. People's thinking is so upside down that they don't understand who God is. O, but after they taste how good God is, their thinking turns right side up. Their life is changed! They now have a relationship with Jesus Christ. When God changes us from up-side-down thinking to right-side-up thinking, He turns us into a worshipper. "God is a Spirit; and they that worship him must worship him in spirit and in truth" (John 4:24). The God who created the universe is here with us in Clarksburg, WV. O, taste and see how good He is!

My four sons are always doing something hysterical. One day after church, my oldest son went to the kitchen to get some bread. He came to me, and with a concerned look on his face, he asked, "Mom, will I die if I eat bread and nobody's here?" I didn't understand what he meant so I asked him what he was talking about. He repeated the question and added, "The preacher said we couldn't live if we ate bread alone." I realized then what he meant. The sermon topic of the day was "Man shall not live by bread alone."
